Construction
March 6, 2014, Exhibit 3.4

i21 Interactive Classroom

Year 4/5

2nd Quarter

Proposition S/Z Update
March 2014

i21 Interactive Classroom

Prop S/Z Update

- SDUSD is the 2nd largest district in California
 - Approximately 133,182 students in pre-school through grade 12
 - 108 elementary schools, 9 K-8 schools, 24 traditional middle schools, 26 high schools, 44 charter schools, and 14 atypical/ alternative schools
 - Diverse student population - more than 15 different ethnic groups speaking over 60 languages and dialects
 - Free / Reduced lunch – 61.1%

i21 Interactive Classroom Prop S/Z Update

The voter-approved bond mandates that we
...create 21st century learning environments...

Bond Initiative

Prop S/Z Update

... Provide up-to-date classroom and instructional technology required for 21st century student learning and teaching...

- *Equip Classrooms*
- *Upgrade Technology*
- *Campus-Wide Wireless*
- *Network Upgrades*
- *Sustainability Funding*

i21 Goals

Prop S/Z Update

- Transformation of the learning environment
 - Quality technology-based teaching and learning tools
- Shift in the model for delivering instruction
 - Engaging, student-centered classrooms
- Equitable learning opportunities for all students
 - Allow all students to become expert learners

Changing the Learning Landscape

i21 Initiative

...It's an opportunity to change the way we do things based on new tools, resources, and focusing on 21st-century skills that students need to be able to survive in today's world...

i21 classroom initiative aligns with...

- U. S. Department of Ed. Technology Goals
- District 2020 Vision
- Goals for Students Achievement GSA2
- Board Goals
- LEA Plans Component

Goals for Student Achievement

Prop S/Z Update

- English Language Arts 2.3.1
- Math 2.3.2
- Science 2.3.3
- Social Studies 2.3.4
- Student will communicate in at least two languages 2.4
- Student explore, understand, and value fine arts 2.5
- **Students will effectively use technology to access, communicate and apply knowledge and to foster creativity 2.6**

Year 4/5 Update

Physical Installation Sequence

Professional Development Sequence

i21 Interactive Classroom Update

Year 4 Implementation Totals

Prop S/Z Update

Promethean boards installed	897
Teacher tablets distributed	897
Teachers trained:	950
Student devices:	20,849
Netbooks	2,438
Androids	11,300
iPads	7,111

Approximately 80% of core curriculum classrooms to be completed in Y1, Y2, Y3 and Y4

Year 5 Implementation Totals

Prop S/Z Update

Promethean boards to be installed	1167
Teacher tablets distributed	1167
Student devices to be distributed	TBD
Teachers to be trained:	
classroom teachers plus	950
Special Ed support	
Promethean Levels 1, 2 and 3	

All core curriculum classrooms to be completed
in Years 1-5

Building Capacity

i21 Digital Teacher Leaders

Key teachers who are academic leaders at their individual schools will serve as i21 Digital Teacher Leaders to build site capacity.

Building Site Capacity

Role of i21 Digital Teacher Leaders

- Collaborate with i21 teachers and Ed Tech Resource Teachers
- Develop strategies to promote instructional use of i21 technology
- Function as an onsite resource for all other i21 teachers in their school.
- Be their site's information conduit for the latest technology updates, training on new software programs and other digital initiatives.
- Develop flipcharts to add to the district's curriculum warehouse.
- Work with the site administrators to identify further needs for training
- Attend monthly meetings/trainings with IT/Ed Tech Teams to receive the latest information or participate in advanced training.
- Serve in this capacity for the 2013-14 school year.

LOGO

Taking i21 to the Next Level

...SDUSD's **Learning-on-the-Go**

initiative, education doesn't stop at the schoolyard gate or the library door. Through the LOGO pilot's off-campus wireless Internet connectivity, students now have **access** to digital textbooks and other **innovative** resources that allow them to learn in a **real-world** context, inside the classroom and beyond...

6th grade at:

- Knox MS
- Lewis MS
- Longfellow
- Mann MS
- Dana MS
- Pershing MS
- Wilson MS
- Montgomery MS
- Millennial Tech MS

7th and 8th at Innovation Middle

What students receive:

- Netbook with broadband access
- Netbook bag with student ID
- Charger
- Filtered internet
- Electronic textbooks
- Software programs including those for word processing, video editing, creating flipcharts, and electronic notebooks. All are compatible with District infrastructure and supported by the IT Dept.

Site Support:

- Ongoing professional development
- i21 workshops
 - “Flipping” the classroom
 - Classroom visitations
 - Collaboration days
- Intro to TSS
- Designated Tech Resource Teacher
- Administrator Support

82% of students would prefer to do assignments at home on a computer.

86% of students said they learn better when teachers incorporate technology such as videos, interactive websites, and online games into their instruction.

38% of students do not have internet at home

- **91%** of parents said that they prefer that their child use a school-issued computer that includes software used at school, as well as filtered internet with built-in safeguards.
- **95%** of parents said that if given the choice they would like this program to continue next year.

“Having wireless internet is so great because my child can do her homework/school work any where and that is so important especially because she is back and forth between family because I am a single mom and work full time...”

“His organizational skills, desire to work, and his interest in his education has also vastly improved as a result of this netbook. This program is invaluable to him and also to students who would not otherwise have this opportunity.”

“Fantastic program. Has helped us tremendously as we do not have a computer or internet at home. Now I check grades and my child has access to everything she needs to be successful.”

The LOGO Experience

Innovation Middle School

What does our 1:1 Mobile Learning look like?

- Personal learning devices
- Extended learning: 24/7 access
- Focused instructional delivery
- Creativity and collaboration
- GSA 2.6 put into practice
- Responsibilities and Acceptable Use
- Student voice, choice, and project-based learning

The LOGO Experience

Innovation Middle School

Impact of our 1:1 Mobile Learning...

- **99%** teacher retention over 4 years
- API gain of **43 points**, 767 in 2010 to 810 in 2011
(highest growth for any middle school in SDUSD)
- Increased accountability for students and adults alike
- Creativity and collaboration efforts for students and adults
- Ability to differentiate instruction with “just in time” support
- Presentations/projects to authentic audiences motivates students to achieve higher levels of quality

Classroom of the Future's 2013 Innovation in Education Award

SD Unified's *i21* wins 2013 IMPACT Award!

Based on Inspiration, Innovation and Achievement

Broad Foundation Award 2013 Award Nominee

The Broad Prize for Urban Education is an annual \$1million award -- the largest education prize in the country--that honors urban school districts that demonstrate the greatest overall performance and improvement in student achievement while reducing achievement gaps among poor and minority students.

Broad Foundation Award 2013 Award Nominee

Exit remarks from Broad visit highlights district strategies that they felt deserved “to be replicated across the nation”.

“The i21 Classroom Program.” The Broad team was impressed by the full implementation of the i21 technology program that was more than a pilot, but instead a district-wide priority and investment that was working to create equity and access for all students. They pointed out that the program heightens student engagement, empowers teachers and provides relevant professional development.

▪

Infrastructure Upgrades and Equipment

Campus-wide Wireless Upgrades

Wide Area Network

- Approximately 11,000 dual band Cisco 802.11a/g/n access points will be deployed for indoor and outdoor client access over 5 years
- As of March 2014
 - 8815 access points installed
 - 5000 rooms with i21WIRELESS
 - Over 93 schools are now campus wide

Campus-wide Wireless Wide Area Network Upgrade

Centralizing controllers into the Data Center cuts down on service visits to remote sites..

Cisco Wireless Control System (WCS) with Cisco Mobility Services Engine allows staff to easily track client device location and monitor critical network performance statistics
