

Proposed Elementary Attendance Area Rebalancing 2023-24 School Year

Birney, Garfield, and Jefferson Elementary Schools

What?

Attendance boundary rebalance is proposed for Birney, Garfield, and Jefferson Elementary schools for 2023-24.

Some of Birney's attendance area near the edge will be reassigned to Garfield or Jefferson.

The middle or high school assignment will not change. Students remain in Roosevelt Middle and San Diego High.

Who?

New students beginning in Fall 2023 will be subject to the revised attendance areas.

Current students at either school are not required to change schools.

Siblings of current Birney students who live in the area of change may attend Birney under the "legacy" policy, as long as the older sibling is still at Birney at the same time.

Why?

The revisions are necessary to rebalance the number of elementary age students living in each school's area.

Birney has more students residing in its current attendance area as live in surrounding schools.

The proposed changes will result in more balanced student populations between school campuses.
